BUSHkids is a not-for-profit organisation which has been supporting the health and wellbeing of children and families in Queensland's regional, rural and remote communities for over 80 years.

The amazing support we receive enables our BUSHkids teams to continue to provide *free* preventative and early intervention allied health care to children and families who are unable to access services due to unavailability or affordability.

BUSHkids aims to help disadvantaged children who are at risk of poor health, educational or social outcomes, our teams provide a wide range of free programs and services to support parents and carers, and to help kids develop and achieve their full potential in life.

*We depend on the generosity of the people of Queensland and are very grateful for all your support!*
